

# Chronicle of the Roman Emperors

*The Reign-by-Reign Record of the Rulers of Imperial Rome*

**Chris Scarre**

*New in paperback*

**Publication date: 27 February 2012**

**Price: £14.95**

Newly available in paperback, *Chronicle of the Roman Emperors* focuses on the succession of the rulers of imperial Rome, using timelines and other visual aids throughout.

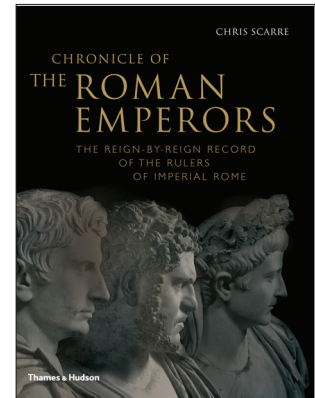

Biographical portraits of the 56 principal emperors from Augustus to Constantine, together with a concluding section on the later emperors, build into a highly readable single-volume history of imperial Rome. Colourful contemporary judgments by such writers as Suetonius and Tacitus are balanced by judicious character assessments made in the light of modern research. The famous and the infamous – Caligula and Claudius, Trajan and Caracalla – receive their due, while lesser names emerge clearly from the shadows for the first time.

*Chronicle of the Roman Emperors* is at once a book to be enjoyed as popular history, an essential work of reference, and a source of visual inspiration, bringing to life one of the most powerful and influential empires the world has ever known.

- The essential dual-purpose book on imperial Rome – a highly readable popular history and a unique work of reference – is now available in paperback.
- Features timelines throughout with at-a-glance visual guides to the length of each reign, and the main events to the fall of Rome.
- Datafiles for every emperor list key information such as name at birth, wives and children, full imperial titles and place and manner of death.
- Genealogical trees and over 90 sidebars and special features range from Nero's Golden House to Diocletian's Palace.
- Features a profusion of illustrations, including busts of each emperor and coin portraits, battle plans and cutaway diagrams of imperial monuments.
