

Collect Contemporary: Photography

Jocelyn Phillips Series Editor: Malcolm Cossons

Publication date: 5 March 2012

Price: £12.95

Where does one begin when looking to start a collection of contemporary photography? How can one identify prints of enduring appeal and value in a global scene with more artists working in it than ever before?

Collect Contemporary: Photography provides those who are looking to start their own collection with guidance on practical matters, including where to buy according to your budget as well as information about different photographic techniques and media, and how to properly store prints.

From studying the works of photographers to determining editions and displaying prints, this guide accompanies collectors through the whole process of acquiring works by contemporary photography artists.

- Useful background information about materials and techniques and a guide on how to take care of precious pieces.
- In-depth profiles of 40 established and emerging contemporary artists from across Europe and the United States.
- A concise reference section, including biographical information for the artists; descriptions and contact info for important galleries, museums and art dealers; relevant fairs, events and schools; and a price guide to cover all collecting budgets.
